**Scott Crawford Joins GMR Team**  
*Experienced Account Manager Will Lead Business Development Team*

**Heath, Texas:** GMR has announced that Scott Crawford has joined their team as Senior Director of Business Development, effective July 13<sup>th</sup>, 2020.

Scott comes from Border States Electric, where he was a National Accounts Manager. He brings his expertise in lighting, sales, and customer relationships to GMR to further bolster their customer base.

Additionally, Scott's proven track record of success will serve the company well. His career achievements include:

- Named Rookie of the Year with Sylvania in 2009
- Member of Platinum Club with Border States in 2017
- Managed over \$16 million worth of business with Border States

"Since the day we met Scott years ago, he has demonstrated integrity at every level. His desire to serve his clients and his passion for quality are the very principles we founded GMR upon almost 30 years ago. We feel blessed to have him as part of our team and represent us in the marketplace," says Jamie Killough, CEO.

"Scott has been a friend to GMR for many years and we could not be more excited to have him join our team," says Jayson Killough, COO and President. "He is the perfect fit at the perfect time to further expand the GMR team's depth. His many years of experience within the industry along with his relationship building skills will continue to serve him well as he joins our team."

**About GMR:** Over the past three decades, GMR has become known as the "Industry Best Practice" for helping facilities document existing conditions, prepare for improvements, and minimize risk. We are a diverse supplier, woman-owned and operated firm, specializing in ATM lighting compliance surveys, custom facility inspections, engineered lighting designs, program management, 3D laser scanning, and security consulting. Headquartered in the Dallas/Fort Worth Metroplex, we self-perform over 45,000 inspections and engineered solutions each year nationwide. Just as each client is unique, so are our methodologies and solutions.
